Save The Date!

We would love you to come and find out more at a Mission lunch in the Church Halls on **Sunday 29th January 2023**.

In September, Alex Mnatzaganian, Phil and Ruth Janes were delighted to visit the Home of Hope in Malawi in person. They took out 7 suitcases of much needed equipment including donated laptops, mobile phones and medical equipment. They received a very warm welcome and spent time with the new leadership team discussing their hopes and visions for Home of Hope over the next 1, 3, and 7 years. They were also able to spend time with the Head Teachers of the Primary, Secondary Schools and of the Vocational Training Centre. As a result, funds were sent out to enable text books to be purchased, as most classes were being taught without. It was encouraging to see lighting and new toilet blocks that have been installed using donations given last Christmas.
